SUMMARY — Experienced Flutter developer skilled in Bloc, GetX, and Provider for building scalable cross-platform applications. Proficient in integrating REST APIs and implementing real-time communication features. Committed to delivering high-quality solutions that meet client needs and enhance user experiences.

TECHNICAL COMPETENCIES

Flutter, Dart, Bloc, Getx, Provider, REST API, Node

RECENT EXPERIENCE

Voxturr Labs   **Jan 2024 – Present**
Flutter Developer
Client: Wave Infratech Pvt. Ltd

– Developed a cross-platform Visitor Management System using Flutter and GetX, providing efficient data handling and synchronization across iOS and Android.
– Implemented and managed secure RESTful APIs to facilitate visitor data management, including user authentication and CRUD operations.
– Enhanced application performance and streamlined development by utilizing GetX for state management and dependency injection.

Awards

– Budding Star Award For Exemplary Results and Outstanding Performance

Antino Labs Private Limited   **Feb 2023 – Aug 2023**
Flutter Developer
Client: South Indian Bank

– Built a modular banking application from scratch using Atomic Architecture, ensuring scalability and maintainability.
– Integrated secure APIs to verify PAN and Aadhaar cards, and implemented WebView for seamless in-app Aadhaar verification.
– Integrated Secure APIs for Document Verification: Added API functionality to verify PAN and Aadhaar cards, and implemented a WebView for seamless in-app Aadhaar verification.

CUVIX Technologies   **Apr 2022 – Dec 2022**
Flutter Developer
Client: Self (Company Project)

– Developed ASSAP, a Flutter application for ordering ambulances, ensuring a user-friendly and reliable experience for emergency services.
– Utilized Provider for efficient state management, facilitating smooth and scalable data flow across the application.
– Implemented real-time chat functionality using Socket.io, enabling seamless communication between users and service providers.

EDUCATION

Dronacharya College of Engineering   **2023**
Bachelor of Science in Computer Information Systems
Secured Percentage: 77.5%

Government Polytechnic Manesar   **2020**
Diploma Computer Information Systems
Secured Percentage: 76.9%

ACHIEVEMENTS

e-Yantra Hackathon   **2021**
– Achieved top 81 placement out of 207 submissions in the e-Yantra Hackathon 2021, competing against 1,878 registered teams.
– Contributed to team performance in the e-Yantra Hackathon 2021, showcasing problem-solving skills and collaborative teamwork in a competitive environment.

SVIT Hackathon   **2022**
– Attained 15th position in SVIT Hackathon Gujarat, demonstrating problem-solving abilities and teamwork in a competitive setting.
– Secured sponsorship from MLH (Major League Hacking) as a result of achieving success in SVIT Hackathon Gujarat.
